LB 42

SENATOR KEYES: Which reappraisal?

SENATOR WARNER: By a county wide reappraisal.

SENATOR KEYES: In other words where the valuation of Sarpy County went up 40% this time, this would be effective on the ESU's and everything else that has a set mill levy except schools?

SENATOR WARNER: Yes.

SENATOR MARVEL: We are ready to vote on the Warner amendment to LB 42. This is the balance of the Warner amendment. Remember we divided the question. We voted on Section 270 and 271. We are now ready to vote on the rest of the amendment. All those in favor of the Warner amendment to LB 42 vote aye, opposed vote no. Have you all voted?

CLERK: Senator Marvel voting aye.

SENATOR MARVEL: We are on Select File. Voting on the Warner amendment to LB 42. Record.

CLERK: 28 ayes, 3 nays Mr. President on the adoption of Senator Warner's amendment.

SENATOR MARVEL: The motion carries. The Warner amendment to LB 42 passes. What is the next amendment?

CLERK: Mr. President, the next amendment is offered by Senator Richard Maresh. (Read amendment).

SENATOR MARVEL: Do you move the adoption of your amendment?

SENATOR MARESH: Yes, I do so. Mr. President, we had... the Agriculture and Environment Committee had LB 646 that had to do with the increasing of the county extension service from \$15,000 limitation to \$30,000. The bill is here on the floor, it had no opposition at the hearing and all of the members of the committee voted for this bill. I talked to Senator Warner about this amendment and he said yes, the Section is open and I could insert this amendment. We heard from the Extension Service and there are several counties that have a problem with this limitation. I have none in my area, but some parts of the state have this problem, so I move that this amendment be adopted.

SENATOR MARVEL: Is there any further...Senator Koch do you wish to be recognized on this? Senator Dworak do you wish to be recognized? I'll recognize you after we get through with Senator Koch.

SENATOR KOCH: A question of Senator Maresh. Senator Maresh what causes the problem of the Extension Division as we heard it the other day, presently in their counties?

SENATOR MARESH: Well I suppose inflation is...a higher cost of government has caused problems for some counties.
